

## Supporting MCLHR Financially

The Local History Room is dedicated to connecting people to the past— through museum exhibits, genealogical resources, and educational programming. Financial support from people like you help make this all possible. The Local History Room uses no county tax dollars for general operations. Everything has to be raised annually through volunteer fund-raising, book sales, and folks just like you with your support dollar!

Your tax deductible contribution to LHR fuels our efforts to collect, preserve and interpret the rich cultural heritage of Monroe County. We will continue to safeguard the history of Monroe County with your annual financial support!

Donations entitle the donor to free annual membership in either organization:  
(choose one)
